PROPOSED ANNUAL OPERATING BUDGET FY 2013

**AS REQUIRED BY H.B. 3195 80TH LEGISLATIVE
SESSION STATE OF TEXAS**

“This budget will raise more total property taxes than last year’s budget by \$29,155 or .9690% and of that amount \$35,725 is tax revenue to be raised from new property added to the roll this year.”

SMALL TOWN HOSPITALITY. BIG CITY ADVANTAGES.

July 30, 2012

Honorable Mayor and City Council:

Transmitted with this memorandum is the Proposed Fiscal Year (FY) 2013 Budget. We are proposing a balanced budget with sufficient revenue to meet budgeted expenditures for operations, capital improvements, equipment replacement, and debt service. Total General Fund Revenue is budgeted at \$7,165,989 and Expenditures are appropriated at \$7,165,072. We are recommending a tax rate of \$0.574282 cent per \$100 of valuation for FY 2013. The tax components are as follows: \$0.476752 for Maintenance and Operations and \$0.097530 for Interest and Sinking Fund Debt Service. This is a \$.038772 cent increase over the FY 2012 rate of \$0.535510 and is due to general obligation bonds issued for the Public Safety and Support Facility Improvements approved by the voters in May. The increase will cover the 2013 debt service payment for these improvements. Our City remains in sound financial condition with good reserves a fact that was recently acknowledged by Standard & Poors through their issuance of the "AA" bond rating for the City's debt issuance. The following chart illustrates the Leon Valley certified property tax roll (valuations) as determined by the Bexar County Appraisal District (BCAD) and a comparison to FY 2012.

The Appraisal District lists the City FY 2013 freeze adjusted tax role at \$581,343,064 which represents a 0.4% increase or \$2,274,137 increase over the FY 2012 tax role. The freeze taxable value for FY 2012 amounted to \$71,800,996 and in FY 2013 this amount grew to \$74,406,921 representing a 3.6% increase or \$2,605,925. The valuations for FY 2012 represent a 7.3% or \$252,064 increase in property tax revenue primarily due to the higher tax rate needed to service the new debt service obligations.

As you know, the economy continues in a pattern that provides limited growth in revenue to the City. Even though the State of Texas and the San Antonio regional economy is in better shape in comparison to the national economy—we have seen a slowdown in new residential and commercial development in our city. Therefore we approach the developed of this budget in a manner that concentrates resources in basic City services. City Staff have been diligent in proposing budget items that were only absolutely necessary to maintain the current level of services.

REVENUE HIGHLIGHTS

- The proposed FY 2013 revenues are budgeted at \$7,165,989, a decrease of \$132,201 over FY 2012 revenues.
- The City is experiencing a slight increase in sales tax. Taking this into consideration, sales tax for FY 2013 is conservatively budgeted at \$1,759,642, which is the same amount as FY 2012, but 2.5% over the FY 2011 actual sales tax revenues.

- The revenue from the Licenses, Permits, Fees and Fines category is proposed at \$1,026,965 for FY 2013, a decrease of \$163,381 from FY 2012. The decrease is attributable to a reduction in building permits and fines and fees.
- The CPS Energy CIED Fund revenue is budgeted at \$1,519,671.
- The Water and Sewer Fund operating revenues for FY 2013 are budgeted at \$3,313,242. This is an increase of \$213,101 from FY 2012. The increase is attributable to an increase in the Edwards Aquifer Authority (EAA) fee that will raise the monthly bill for the average residential customer by \$1.30. The budget also includes a 3% increase in water and sewer rates that will raise the monthly bill for the average residential customer by \$1.48.
- The budget implements a new Contractor Registration Fee expected to generate revenue in the amount of \$5,000 annually.
- Revenues in the amount of \$11,760 are included from the Towing Contract Fee approved in FY 2012.

EXPENDITURE HIGHLIGHTS

- Operating expenditures are proposed at \$7,165,072, a decrease of \$109,617 from the FY 2012 amended budget.
- Capital expenditures are budgeted at \$341,008, a decrease of \$43,274 compared to the FY 12 budget.
- Water and Sewer operating expenditures for FY 2013 are budgeted at \$3,282,489, an increase of \$113,661 from FY 2012. Capital is budgeted at \$26,500, a decrease of \$191,500 when comparing FY 2012 amended budget to FY 2013 proposed budget.
- A reallocation of salaries to the Water and Sewer Fund has been made for FY 2013 to more accurately reflect personnel costs where they actually occur.
- Funds in the amount of \$40,000 are budgeted to cover the City's portion of Bandera Road Traffic Light Signalization project. This is the partnership with the City of San Antonio and TXDOT to improve traffic flow along this corridor.
- Funds a position, equipment and contract maintenance for the mowing and general cleanup of the Bandera Road Right-of-Way.
- Funds in the amount of \$10,000 are budgeted for expenses related to the City of Leon Valley's 60th Anniversary Celebration Event scheduled for October 2012.

OTHER FUNDS

- A Capital Project Fund has been established to account for the proceeds of the General Obligation Bonds for the Municipal Facilities Improvement project. The project is budgeted at \$7,000,000. This is the total cost of the project and will be expended over a two to three year period. As we go through the planning process for construction we will have a better picture of when the expenditures will actually occur.
- In FY 2012, funds in the amount of \$150,000 were budgeted for the Library Children's Wing expansion project. An additional amount of \$15,000 was placed in the budget for grant writing services. These funds were unexpended in FY 2012 so we have carry-forward these funds in the amount of \$165,000 in the capital reserve for appropriation in FY 2013.
- The Grant, Building Security, Child Safety, Municipal Court Technology, Debt Service and Police Forfeiture Funds proposed budgets total \$911,783.
- The Community Center proposed operating budget totals \$134,714, a decrease of \$167 from FY 2012.
- The Street Maintenance Sales Tax Fund proposed budget totals \$830,254.

EMPLOYEE BENEFITS & COMPENSATION

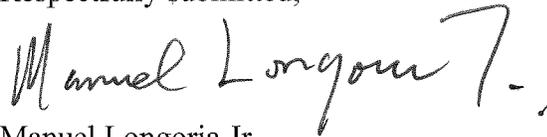

- A cost of living raise of 2% is included for all City Employees effective the first pay period in October.
- We are recommending the continuation of the merit pay program. Under the merit pay program, employees with employment service between 1-8 years and performance evaluations that meet the City's work standards are eligible for a merit pay salary adjustment up to 5%.
- The budget funds the continuation of longevity pay. Under this program, employees receive \$4 per month of each year of service to the City.
- Provides funding for the Texas Municipal Retirement System (TMRS) contribution rate that increased from 16.66% to 17.06%.
- Funds an additional \$18,000 or \$9,000 per department in overtime for the Police and Fire.
- Funds an additional \$2,000 in Public Works for the boot allowance.

Conclusion: City Staff is committed to working with the Mayor & City Council over the next few months to develop the final adopted budget. We have scheduled public hearings for the adoption of the budget. In addition, we are proposing to schedule a number of budget work sessions to present the specifics and detailed information on the proposed budget. Herewith is the proposed schedule leading to final adoption of the budget:

- August 21, 2012 Budget Work Session to present detailed Departmental Budgets
- September 4, 2012 1st Public Hearing on Proposed Tax Rate
Budget Work Session to discuss Departmental Budgets
- September 11, 2012 2nd Public Hearing on Proposed Tax Rate
- September 18, 2012 Public Hearing & Adoption of the Budget & Formal Adoption of the Tax Rate

I would like to thank the Department Directors for their assistance in the development of this document. Special thanks are due to Finance Director Vickie Wallace for her critical role in the completion of this budget. I believe that we have developed a good budget that provides for continued provision of quality services and operations to the City while also being good stewards of the resources our residents and businesses have provided us.

Respectfully submitted,

City Overview

The City, incorporated in 1952, is a residential community located in south central Texas in the northwest portion of the San Antonio Metropolitan Statistical Area. The City is located in Bexar County, Texas. Bexar County's economy is based on military, tourism, agriculture, limestone mining, medical facilities, and manufacturing. The City has a land area of 3.5 square miles and is surrounded on all sides by the City of San Antonio. Most City residents are employed within the greater San Antonio Metropolitan Statistical Area. A full range of services is provided to residents and businesses, including police and fire protection, construction and maintenance of streets and infrastructure, recreational activities, and water and sewer utilities. The City population, based upon the 2010 census, is 10,866. The City is empowered to levy a property tax on both real and personal property located within its boundaries.

The City is operated under the council-manager form of government. Policy making and legislative authority are vested in the City Council, which consists of a mayor and a five-member council. The Council is elected on a non-partisan basis at large. Council members are elected to a two-year staggered term. The Mayor is elected at large to a two-year term. The City Council is responsible for, among other things, passing ordinances, adopting the budget, appointing committees and the hiring of a City Manager. The City Manager is responsible for carrying out the policies and ordinances of the governing Council, overseeing the day-to-day operations of the City, and appointing the heads of the City's departments.

The budget serves as the foundation of the City's financial planning and control. As prepared and submitted for consideration, it addresses the goals of the City, establishes priorities, determines the level of funding commitment, and serves as a day-to-day operations guide.

For fiscal year 2013, the City will establish a budget for twelve separate funds. Activities of the General Fund, Water and Sewer (Enterprise) Fund, Debt Service Fund, CIED Fund, Capital Project Fund, Community Center Fund, Building Security Fund, Child Safety Fund, Street Maintenance Tax, Municipal Court Technology Fund, Police Forfeiture Fund and Grant Fund are included in this annual budget.

The largest of these funds is the *General Fund*. The services funded in the General Fund include Police, Fire, Public Works, Parks, Community and Economic Development, Library, and Administrative Services. Major revenue sources include property taxes, sales taxes, charges for services, intergovernmental revenues and interest from investment of idle funds.

The second largest fund is the *Water and Sewer Fund*. The Water and Sewer Fund provides a mechanism for the provisions of water storage and distribution and sewer collection services to residents. Additionally, the City of Leon Valley has a contract with the San Antonio Water System (SAWS) for the treatment and transportation of wastewater.

The remaining funds are categorized as Special Revenue Funds. The Special Revenue Funds are:

The **Community Center Fund**. This fund accounts for expenditure of revenues derived from a tax imposed on visitors to local hotels and motels as well as revenues from the rental of the Conference and Community Centers. Its budget goes toward activities to promote Leon Valley as a tourist destination.

The **Debt Service Fund**. This fund provides necessary funds to retire the City's general obligation debt.

The **CIED Fund**. On January 30, 2012 the Board of Trustees of CPS Energy voted to terminate the CIED Fund Program effective February 1, 2012 and allow CPS Energy staff to work with the City of Leon Valley on a method to transfer the outstanding CIED Fund program balance to the City. The outstanding balance due to the City of Leon Valley is \$1,519,671.60. These funds will be paid to the City in four quarterly installments with the first installment being wired to the City in August 2012.

The **Capital Project Fund**. This fund will account for the expenditures of the General Obligation Bonds, Series 2012. On May 12, 2012 the citizens of Leon Valley voted to authorize the City to issue General Obligation Bonds, Series 2012 for (i) designing, acquiring, improving, renovating, demolishing, expanding, and equipping a Public Safety and Support Complex to house police, fire, municipal court, and City administration services departments, and expenses incidental and necessary to the foregoing (including necessary utility relocation, acquisition of easements, right-of-way, and other real property interests, landscaping, and streetscape modification and improvements) and (ii) pay the costs of their issuance.

Other **Special Revenue Funds**. These include the Child Safety, Building Security, Municipal Court Technology, Street Maintenance Tax, Police Forfeiture and Grant Funds. These funds account for specific revenues that are legally restricted to expenditures for those particular purposes.

The City also maintains a five-year Capital Acquisition Plan (CAP) to provide for capital outlay expenditures. Each fiscal year, the CAP is reviewed and analyzed by the City Manager and City staff to determine needs for office and other machinery and equipment, vehicles, building improvements, land and improvements other than buildings. The five-year CAP is authorized by City Council during the City's annual budget adoption process. As items are funded only when deemed necessary, capital outlay details and amounts vary between a budget year.

User's Guide to the Budget Document

Overview

The City of Leon Valley develops a Balanced Budget with guidance from the Mayor and City Council, City Departments, and its citizens. In accordance with state law and generally accepted accounting standards, the City of Leon Valley adopts a Balanced Budget for each fiscal year. The fiscal year for the City of Leon Valley begins October 1 and ends September 30.

This section is designed to assist the reader in the use and comprehension of the City of Leon Valley's Budget Document. The Annual Budget serves as a policy document, financial plan, an operations guide and a communications device. It is utilized by City Council and City Staff to monitor revenue and expenditures.

Budget Tabs

The budget is arranged in three sections that are separated by the following respective tabs. Below is a brief description of the materials found in each of the sections.

- ❖ User's Guide
- ❖ Departmental Appropriations
- ❖ Capital Acquisition Plan

User's Guide - This section is used to provide the reader a summary of what is contained in the budget document.

Departmental Appropriations - This section is organized by department and provides the reader with a better understanding of the kind of services provided by each department. Individual department summaries contain organization chart, department description, mission statement, program narrative with accomplishments and objectives, personnel, performance measures, and department appropriations.

Capital Acquisition Plan (CAP) - This section contains the Five Year Capital Acquisition Plan organized by department. The intent of the CAP is to enable the City to make long range judgements on the needs of the City each fiscal year and apply available resources to these needs to the extent possible. The CAP is funded each fiscal year by the Available Reserve, which is the amount left in the fund reserve at the end of the previous fiscal year less a minimum fund balance of \$800,000 for General Fund and \$350,000 for the Enterprise Fund.

Budget Amendments

The City Manager is authorized to transfer budget amounts between line items within a department however, any transfer or supplemental appropriation that amends the total expenditures of a department or total budget requires City Council approval. Actual expenditures may not legally exceed budgeted appropriations at the department level.

Budget Basis

Governmental Funds (General, Special Revenue, and Debt Service) are prepared and accounted on a modified accrual basis using a current financial resource measurement focus. Briefly this means that revenues are recognized in the period in which they are both measurable and available and expenditures are recognized when incurred.

The Enterprise Fund (Water and Sewer) is prepared and accounted for using the full accrual method of accounting for both revenue and expense similar to a commercial enterprise. The revenues are recognized when they are earned and their expenses are recognized when they are incurred.

Budget Controls

Budgetary compliance is a significant tool for managing and controlling governmental activities, as well as ensuring conformance with the City's budgetary limits and specifications. The objective of budgetary control is to ensure compliance with legal provisions embodied in the annual appropriated budget adopted by City Council. The budget is adopted each fiscal year. The fiscal year for the City of Leon Valley starts on October 1 and ends on September 30 of each year. Budgetary preparation and control is exercised at the departmental level.

Accounting Basis

The Comprehensive Annual Financial Report (CAFR) shows the status of the City's finances on a basis of generally accepted accounting principles (GAAP).

Governmental funds (General Fund, Special Revenue and Debt Service) are accounted for on a modified accrual basis using a current financial resources measurement focus. Revenues are recognized in the period in which they are both measurable and available and expenditures are recognized when incurred except for interest on general long-term debt which is recognized when due. Sales and property taxes are considered "measurable" when in the hands of intermediary collecting governments and are recognized as revenue at that time.

Enterprise Funds (Water and Sewer) have an economic resources measurement focus and use the full accrual method of accounting for both revenue and expenses similar to a commercial enterprise.

Fund Accounting

The City's accounts are organized on the basis of funds and account groups, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for by providing a separate set of self balancing accounts which are comprised of each funds' assets, liabilities, fund equity, revenues, and expenditures or expenses as appropriate.

Governmental resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

Fund Types

Governmental Fund Types

General Fund - The General Fund accounts for the resources used to finance the fundamental operations of the City. It is the basic fund of the City and covers all activities for which a separate fund has not been established.

Special Revenue Funds - These funds are used to account for specific revenue sources which are legally restricted to expenditures for specified activities.

Community Center Fund - to account for the expenditures of funds received primarily from a hotel-motel tax base to be used for the Community Civic Center and Conference Center.

Grant Fund - to account for the expenditures of funds received from various grant monies for specific programs.

Child Safety Fund - to account for expenditures for the drug awareness and prevention program, school crossing guards, and other child safety programs.

Building Security Fund - to account for revenues received from building security fees and the corresponding restricted expenditures.

Court Technology Fund - to account for revenue received from court technology fees and the corresponding restricted expenditures.

Street Maintenance Tax - to account for revenue received from a 1/4% city sales and use tax that is for municipal street maintenance.

Police Forfeiture Fund - to account for revenues received from seized assets and the corresponding restricted expenditures.

Debt Service Funds - These funds are used to account for the accumulation of resources and the payment of principal and interest on general long-term debt of the City other than Revenue Bonds.

Enterprise Fund

The Enterprise Fund accounts for operations which are intended to be self-supported through user charges. The City operates water and sewer services on this basis.

GENERAL FUND

FUND NARRATIVE

The General Fund accounts for the resources used to finance the fundamental operations of the City. It is the basic fund of the City and covers all activities except for those in which a separate fund has been established. The General Fund contains such services as business office, finance, city manager and council, police, fire, EMS, library, streets, parks, and community development.

In addition to property and sales taxes, the General Fund also includes revenues derived from fines, fees for services, franchise fees, payments from other governments, and miscellaneous revenue sources.

DEPARTMENT DESCRIPTION AND MISSION**CITY MISSION STATEMENT**

The City of Leon Valley will provide our community with a superior quality of life by balancing social equity, environmental stewardship, and economic development to achieve sustainability.

VISION STATEMENT

The City of Leon Valley will be a sustainable community by balancing Social Equity, Economic Development and Environmental Stewardship (S.E.E.).

Social Equity

The City will promote a superior quality of life by responding to citizens in a fair and prompt manner, by providing outstanding public safety services, high quality educational, recreational, historical and cultural amenities and superb infrastructure. The City will encourage collaborative participation by its residents, businesses and stakeholders.

Economic Development

The City will provide a diverse and versatile business environment that supports a healthy economy. The city will exhibit a distinctive and welcoming identity at its boundaries and throughout the community. The City will attract, expand and retain viable businesses to promote development and redevelopment, including a town-centered design, pedestrian friendly connections and world class public transit.

Environmental Stewardship

The City will become carbon-neutral by conserving and preserving natural resources and by expanding recycling initiatives and enhancing our environment with earth-friendly practices.

Goals:

- ★ Develop a business climate that provides the right mix of amenities to attract and retain business within the City of Leon Valley;
- ★ Seek ways to increase communication with and involvement of the citizens;
- ★ Develop strategies to mitigate traffic congestion throughout Leon Valley;
- ★ Develop a system of parks, facilities, and recreational activities to enhance the quality of life; and
- ★ Effectively manage the City's infrastructure and capital needs.

The City Secretary's Office promotes an open and responsive government through proper noticing, recording, preservation of the City's legislative actions and history and of its official documents, supporting administrative needs of the City Council and the City Manager, providing access to public information, conducting fair and impartial city elections, and providing responsive customer service to our diverse external and internal customer base.

The Department of Human Resources is responsible for the administration and management of the City's comprehensive Human Resources program to meet the City's needs for recruitment, risk management, training, benefit programs, management of workers' compensation, property, and liability claims, and workforce planning.

PROGRAM NARRATIVE

Accomplishments for FY 2011-2012

- ★ The City of Leon Valley's website was completely renovated, using a content management software, resulting in a more attractive and user-friendly web presence which allows staff to continually refresh and update information with immediacy as may be required to meet the needs of the City and the Community.
- ★ Coordinated the recognition of city volunteer members and programs with the City Council and staff. With eleven volunteer committees, city council ad-hoc committees, commission, boards and groups, and volunteers are a vital part of Leon Valley. This year's recognition event included Police Department Reserve Officers who form an important component of the City's policing capabilities.
- ★ The Human Resources Department, using a formal bidding process, coordinated the review for health insurance broker and for group health, dental, and life insurance bids.
- ★ The Human Resources Department coordinated the Employee Benefits Committee, with representatives from all departments to consider employee needs in the city provided benefit programs.
- ★ The Human Resources Department facilitated the Council's process for the successful recruitment of a new City Manager and a new Economic Development Director.
- ★ Department staffing needs were addressed using a multi-source approach using third party agencies, contractors, temp hires, and direct hires to insure timely response to staffing vacancies and keeping within budget.
- ★ Continued to provide excellent customer service to all internal and external customers.

Objectives for FY 2012-2013:

- ★ Complete annual codification of the Code of Ordinances and continue updating web listing of ordinances approved by Council during codification intervals.
- ★ Oversee legal requirements for all City elections, promoting communications to keep voters informed and coordinating joint elections with Bexar County.
- ★ Continue “green” communication efforts to keep the public and employees informed with use of electronic messaging through updated website, emails, Leon Valley ENews, and timely messages on the City’s marquees.
- ★ Continue coordinating records management retention to include electronic records-keeping to optimize limited storage and ensure that records are maintained in a usable and accessible condition.
- ★ Continue to process requests for public information with all departments and research ways to make information more readily available to the public using the City’s website, when and where possible.
- ★ Continue to promote effective training and current safety programs with the goal of reducing insurance claims: health, workers compensation, and property/liability claims.
- ★ Maintain up to date employment policies to ensure compliance with applicable Federal, State and local laws - FMLA policy, driving, drug and alcohol, electronic communications, and new health program mandates.
- ★ Optimize recruiting and selection process utilizing outside agencies to help fill positions when necessary and supporting efforts for cross-training to insure maintenance of efficient office operations.

DIVISION DESCRIPTION AND MISSION

The Police Department Patrol Division includes seventeen sworn officers who uphold the law, deter crime and protect the public. They provide routine patrol, conduct premise inspections, apprehend and arrest violators of the law and enforce traffic laws and local City Ordinances. Patrol officers are the first at the scene of a crime and can properly protect, preserve and in some cases collect evidence which significantly improves the possibility that an investigator will bring the case to a successful conclusion.

PROGRAM NARRATIVE**Accomplishments for FY 2011-2012:**

- ★ Aggressively enforced City Ordinances.
- ★ Provided our citizens with residential Patrol-By Program.
- ★ Actively recruited, trained, and then utilized Reserve Officers.
- ★ Provided excellent customer service to our residents and visitors alike.

Objectives of FY 2012-2013:

- ★ Maintain a proactive patrol force thus reducing the opportunity to commit a crime.
- ★ Continue to provide our residents with Residential Patrol-By Program.
- ★ Continue to recruit and retain qualified applicants for our Reserve Officer program.
- ★ Respond aggressively to citizens complaints of traffic violation in neighborhoods and school zones.
- ★ Continue our participation in the San Antonio Police Department High Intensity Drug Trafficking Area Task Force as well as the Drug Enforcement Administrations State and Local Task Force, and as part of these relationships, continue working with all facets of Federal, State and Local governments.
- ★ Continue to remain pro-active in graffiti cases.

DEPARTMENT DESCRIPTION AND MISSION

The primary mission of the Fire Department is to prevent and/or minimize the loss of life and property within the corporate limits of the City by establishing control over fires, sudden medical emergencies and the consequences of natural and manmade disasters. The Fire Department accomplishes this mission with three budgetary divisions: Administration, Operations, and Emergency Medical Services. The Fire Prevention division is budgeted under Operations.

Contemporary fire departments must be “all-risk” emergency response organizations - capable of responding to a wide variety of incidents. Because of this, firefighters must not only be proficient at their primary tasks (firefighting and emergency medical services) but must also be able to perform complex technical rescues, operate efficiently in multi-casualty situations, work in situations involving release of hazardous chemicals, biological agents, radiological materials, explosions, and disasters such as floods. Firefighters are trained in the National Incident Command System, enabling them to effectively interface with other City departments, local agencies, County, State and Federal assets during disaster situations.

DIVISION DESCRIPTION AND MISSION

The Administration Division is divided into two functional sections, Administrative Section and Emergency Management Section.

The mission of the Administration section is to manage the City's multifaceted all-risk emergency services including fire suppression, investigation and prevention, emergency management, rescue, hazardous materials, weapons of mass destruction and emergency medical services. The administration of the Fire Department works with the City Manager to establish levels of service, propose new programs or improvements and formulate budget requests.

The mission of the City's Emergency Management Program provides action plans for City emergencies, maintains the Emergency Operations Center (EOC) and other preparedness facilities, maintains emergency warning equipment, and governs overall disaster responses and mitigation capabilities for the City.

The Fire Chief and Assistant Fire Chief are multi-role trained to respond to "all risks" and maintain certifications in structural fire fighting, Emergency Medical Services, various types of technical rescue, hazardous materials/WMD, and arson investigation. The Fire Chief maintains certification as a police officer and the Assistant Fire Chief maintains credentials in emergency management. The Fire Chief and Assistant Chief work 8-hour days, five days/week and are subject to recall during emergencies. In addition to the Chief and Assistant Chief, the Administration Division has a part-time administrative assistant.

PROGRAM NARRATIVE**Accomplishments for FY 2011-2012:**

- ★ Explored and applied for various grants to increase revenue sources and address equipment and staffing needs.
- ★ Updated Standard Operating Guidelines.
- ★ Ensured that the department maintained high quality service and provided excellent customer service.
- ★ Worked with city staff and Facilities Committee to identify needs for fire station expansion or relocation.

DIVISION DESCRIPTION AND MISSION

The Operations Division is divided into two functional sections, Operations Section and Fire Prevention Section.

The mission of the Operations section is to provide fire and other emergency services at acceptable levels of customer service and cost. Personnel provide this protection on a day-to-day basis through proper and quality training and by maintaining both themselves and their equipment in a state of readiness. Services provided include fire suppression, vehicle rescue, technical rescue, swift water rescues, hazardous materials response, and Weapons of Mass Destruction response.

The mission of the Fire Prevention section is to administer the City's fire and life safety awareness and enforcement programs through proper community awareness, fire and life safety inspections and investigations.

The Operations section staff includes twenty-four uniformed personnel which are divided into three shifts of eight personnel. Shift personnel work 24 hours and then are off duty for 48 hours. During their off-duty time, personnel are subject to emergency recall. The operations staff is trained for multi roles to respond to "all risks" and maintain certifications in structural fire fighting, Emergency Medical Services, various types of technical rescue and hazardous materials/WMD.

The Fire Prevention section staff consists of one full-time uniformed person that works 8-hour days, five days/week.

The Deputy Fire Marshal is subject to recall during emergencies. DEPARTMENT DESCRIPTION AND MISSION

This department provides 24 hour support for operations and maintenance of the Leon Valley public water supply and distribution system. The mission is to deliver adequate supplies of potable water to approximately 2,300 customers in accordance with Texas Commission on Environmental Quality (TCEQ) and State Fire Insurance Commission regulations. Included is the maintenance of records, reports and support for the water system, and support for the billing department in the reading of meters, customer turn on/off and new meter installations. Repair of the fire hydrants is coordinated with the Fire Department. The department looks for meters that are not registering properly and conducts a meter repair and replacement program. The department is also responsible for finding and correcting unaccounted for water loss. Leak detection and repair are ongoing functions. Personnel are also involved in Edwards Aquifer Authority (EAA) critical period management plan operations.

PROGRAM NARRATIVE**Accomplishments for FY 2011-2012:**

- ★ Replaced fire hydrants as needed.
- ★ Installed replacement of new meters to upgraded touch read meters throughout for meter replacement program.
- ★ Installed replacement water lines as needed.
- ★ Installed replacement curb stops.
- ★ Maintained the three elevated storage tanks.
- ★ Tested the Cathodic Protection System on the Huebner Road elevated tank.
- ★ Tested the Back flow Protection Device for the Recycled Water System.
- ★ Maintained the Grass Hill and Huebner Chlorine control system.
- ★ Conducted the annual TCEQ tank inspection.
- ★ Supported the EPA and the San Antonio Health District with proper water samples for analysis.
- ★ Repaired leaks under driveways, sidewalks, etc. and replaced materials as needed.
- ★ Installed blow offs on dead end mains and removed dead end mains as needed.
- ★ Looped water main lines to remove dead ends.
- ★ Replaced Huebner well motor.
- ★ Replaced sensor on ground storage tank at Grasshill Well.
- ★ Implemented the GPS location system of all water valves and fire hydrants.

Objectives for FY 2012-2013:

- ★ Maintain the three elevated storage tanks.
- ★ Maintain above ground storage tanks.
- ★ Continue the water meter repair/replacement program.
- ★ Install looped water main lines to remove dead ends.

DEPARTMENT DESCRIPTION AND MISSION

The City of Leon Valley has prepared a **Storm Water Management Program** in accordance with the requirements of the Texas General Permit and submitted the required Notice of Intent (NOI) in accordance with Part II, D, 1.

The goal of this program is to reduce the discharge of pollutants to the maximum extent practicable, to protect water quality, and to satisfy the appropriate requirements of the Texas Commission on Environmental Quality (TCEQ) Phase II program under the provisions of Section 402 of the Clean Water Act (CWA) and Chapter 26 of the Texas Water Code (TWC). The program also identifies Leon Valley's legal authority to implement the general permit.

This program describes the manner in which the permit will be administered and provides the basis for the city's development of a budget and fee collection system. The city's authority is explicitly stated in Chapter 30 of the Texas Administrative Code 205.5(a), and Section 26.040 of the Texas Water Code for the Texas Storm Water Discharges from Small MS4s – TCEQ Docket No. 2006-0428-WO TPDES General Permit To Discharge Under the Texas Pollutant Discharge Elimination System TXR040000. This program will commence in February 11, 2008 for a period of five Years.

PROGRAM NARRATIVE**Accomplishments for FY 2011-2012:**

- ★ Conducted four street sweepings of the City.
- ★ Identified construction activity for proper storm water runoff control.
- ★ Participate in educational activities, such as Earthwise Living Day.
- ★ Inspect existing septic systems to assure proper functioning.

Objectives for FY 2012-2013:

- ★ Continue de-silting program.
- ★ Inspect existing septic systems.
- ★ Inspect Construction activity.
- ★ Conduct public education.
- ★ Continue maintenance of storm drains.
- ★ Conduct four street sweepings of the City.

PROGRAM DESCRIPTION

Senate Bill 1135, passed by the 74th Texas Legislature, directs the Comptroller of Public Accounts to make an annual allocation from the Law Enforcement Officer Standards and Education (LEOSE) account to qualified law enforcement agencies. Twenty percent of the account is allocated equally among the qualified agencies. The remaining eighty percent is allocated based on the number of eligible law enforcement positions each agency had as of January 1 of the preceding calendar year.

Funds must only be spent on expenses related to the continuing education of qualified persons. Eligible expenses are not limited to tuition or registration fees; they may include equipment (such as TV's and VCR's), subscriptions, or travel expense if they are related to continuing education.

This program includes funds for the Leon Valley Police Department.

DEBT SERVICE FUND

FUND DESCRIPTION

The Debt Service Fund is used to account for the accumulation of resources for and the payment of principal and interest on general long-term debt of the City other than revenue bonds. An ad valorem property tax rate is calculated by the City annually. Property taxes are levied on January 1 each year on all taxable property within the City. The taxes become payable on October 1 following the levy date and delinquent on February 1 of the subsequent year. The annual tax levy must be sufficient in amount to meet current year debt payment requirements.

Outstanding debt issues for FY 2013 are:

ISSUE	OUTSTANDING AS OF 9/30/12	PURPOSE
2009 Refunding Bonds	\$1,810,000	Refunded the 1998 Certificates of Obligation that were originally issued to fund capital improvements and equipment.
2009 PFFCO	\$ 950,000	To fund the purchase a fire ladder truck.
2012 GO Bonds	\$7,000,000	Funds police, fire and administration complex construction and renovations.

COMMUNITY CENTER FUND

DEPARTMENT DESCRIPTION AND MISSION

The Community Center Fund is comprised of the operations of two multipurpose centers: the Community Center, and the Conference Center. These Centers are rented to the general public for a fee, and are also used for City sponsored events. The rental revenues off-set operational expenses, and a portion of the revenue is also retained for the long term maintenance of the facilities. The Hotel tax revenue fund also supports the Centers' operations.

The Centers are versatile facilities in a park-like setting, and are used for a variety of activities such as civic, private and social functions. The Conference Center was designed specifically for business conferences and events, but is versatile enough to accommodate social events as well. The Conference Center is designed for events up to 150 people, and the Community Center can accommodate up to 300 people. The Centers are also used to host the City's civic events.

The mission of the Leon Valley Community and Conference Centers is to provide a multipurpose venue for area community groups such as senior citizens, civic organizations and others, and to attract clients on a fee basis for use of the facilities for various events such as weddings, graduations, reunions, and special events.

PROGRAM NARRATIVE

Accomplishments for FY 2011-2012:

- ★ Hosted the 2nd Annual Taste of Leon Valley event, Sunday, May 20, 2012.
- ★ Moved Community and Conference Center operations to the Community Development Department for improved customer service and representative availability.
- ★ Hosting Annual July 4th Parade on Wednesday, July 4th.
- ★ Collaborated with Public Works to take over cleaning of the Centers to keep services internal and to provide additional income opportunities to Public Works employees.
- ★ Contracted services for advertisement of the Community Center through a virtual tour.
- ★ Successful partnership and collaboration with Northside ISD for Los Leones Art Festival hosted at the Community and Conference Center and Grounds.

COMMUNITY CENTER FUND

Objectives for FY 2012-2013:

- ★ Develop new marketing strategies in an effort to generate more revenues.
- ★ Maximize facility efficiency, cleanliness and maintenance for safety purposes, and for the enhancement of the clients' rental experience.
- ★ Investigate an enterprise-based program for booking and reserving the facilities.
- ★ Enhance opportunity for rentals by expanding advertising.

STREET MAINTENANCE TAX

FUND DESCRIPTION AND MISSION

The City held an election on November 6, 2007 under Chapter 327 of the Texas Tax Code to adopt an additional 1/4% city sales and use tax for Municipal Street Maintenance. The tax was re-authorized on November 8, 2011. State law requires the creation of a separate fund for these funds.

The sales tax may be used only to maintain and repair municipal streets that existed on the date of the election to adopt the tax.
