Resident Liz Maloy addressed Council about her concerns that the City wishes to dedicate the wilderness as parkland. She stated that she was pleased to see that there is some interest in putting this land under the auspices of the Park Commission. She explained that it had been recommended in the past against dedicating the land as park land, because you cannot use that same land later as the City’s match when applying for shared cost grants. Secondly, she asked if the City would work toward requesting one zip code for all of Leon Valley so that all could use the Leon Valley post office on Huebner Road. She explained that residents who live east of Evers Road must go to the post office at I.H. 10 and Huebner Roads to collect their packages and mail when there is a post office in Leon Valley within a mile of their home.
Resident Al Uvietta reported on progress of work being done under the Texas Parks and Wildlife trails grant. He reported that walkers are complimentary of the bridge and trail material connecting Forest Oakes with the Library and Park areas. Seeing no one else to come forward for the “Citizens to be heard” portion of the meeting, Mayor Riley asked for a motion to approve the following Consent Agenda items:

**Consent Agenda**

- Consider action to approve minutes of the Regular City Council Meeting of November 4, 2008 and the minutes of the Special City Council Workshop Meeting of November 8, 2008 (Feutz).

- Consider action on M&C # 11-02-08 with attached ordinance - a request for approval of a budget adjustment for FY 2008 rollover funding for Self Contained Breathing Apparatus for invoice not received until FY 2009 ($13,200) (Chief Irwin).

A motion was made by Councilman Reyna, seconded by Councilman Manea, to approve the Consent Agenda Items as listed above. Upon vote, Mayor Riley announced that the motion carried and all Consent Agenda items were approved.

**Regular Agenda**

- Consider action on M&C # 11-04-08 - a request by Ali Khalil, owner of $5 Carwash for a variance to Chapter 5, “Signs,” Section 5.3.3, “Free-Standing Signs,” to allow two (2) free-standing sign poles with the addition of an LED sign on less than 250-feet of frontage at 6780 Bandera Road (Flores).

Community Development Director Flores addressed Council giving the particulars of the variance request stating that currently there are two free-standing pole signs on the $5 Car Wash business property and the variance requests that two free standing sign poles with the addition of an LED sign on less than 250-feet of frontage at 6780 Bandera Road. She explained that the property is only 200 feet; therefore, one sign pole is non-conforming and with the request for an LED sign pole the other sign pole’s protection, under the non-conforming use requirements of the Code, requires Council to approve the variance or the existing sign and
pole must be removed. She reviewed the reasons for variances according to the code and showed photos of the business site.

The applicant, Ali Khali, business owner and business manager, Curtis Herbsled, addressed Council stating that a similar business has recently installed this same type of LED sign and his business has increased significantly. He requested favorable approval of the sign variance. He stated that he would, if required by Council as a condition to getting his LED sign, he would remove the $5 Car Wash sign atop one pole, but that he did not want to do that. He stated that ideally, he wants to add the LED sign and keep the $5 Car Wash sign.

Following discussion, the applicant suggested that if he gets rid of one $5 Car Wash, he will want to get a large LED sign and Council expressed their hesitation about approving additional signs and needing more information.

A motion was made by Councilman Reyna, seconded by Councilmember Dean, to postpone action on the variance request until December 2, 2008 when more information can be received from the requestor. Mayor Riley also asked that the applicant provide a timeline for when the new signs will be completed. Councilmember Nelson requested clarification of the distance between each sign at the next meeting. Upon vote, Mayor Riley announced the variance request would again be considered at the meeting on December 2, 2008.

Councilman Reyna made a motion to suspend the order of business to return to Agenda Item #2 to make the twenty-five year service award to Fire Captain John J. “Jeff” Bailey. The motion was seconded by Councilmember Dean.

She explained that in January 2009, the final ordinances of 2008 between April 15, 2008 - December 31, 2008. Ms. Feutz

A motion was made by Councilman Reyna, seconded by Councilmember Dean, to approve the ordinance adopting and enacting a new Code of Ordinances as requested. Upon unanimous vote, Mayor Riley announced the ordinance was approved. Mayor Riley thanked staff for their work.

This zoning case involves a proposed mixed use development at the corner of Evers and Huebner Roads and is to also be considered by the Zoning Commission on November 25, 2008 (Flores).

Community Development Director Flores addressed Council stated that Resolution 05-002 approved by City Council on March 1, 2005 authorizes the City Council to determine additional notification requirements for specific platting, zoning and land use cases that may be presented to Council for consideration. She stated that it requires a majority vote by City Council to direct staff to provide additional notification to the public in excess of the requirements provided by law. Ms. Flores stated that Zoning Case #08-381 is scheduled for a public hearing before the Zoning Commission on November 25, 2008 and before the City Council on December 2, 2008. A town hall meeting held on August 5, 2008 regarding a mixed use proposal and shortly after that meeting a written notice with 91 signatures was received in opposition to the case. Ms. Flores stated that for the town hall meeting, residents of Pavona Place, Grass Valley, and Canterfield Units I, II, and IV were notified of the meeting.

Following discussion, a motion was made by Councilman Reyna, seconded by Councilman Manea, to notify the same property owners as were notified for the August 6, 2008 town hall meeting. Upon vote, Mayor Riley announced the notification area extended to include the residents originally notified for the August 6, 2008 Town Hall meeting for Zoning Case #08-381.

Consider action on M&C # 11-07-08 with attached ordinance - amending City Code Chapter 6 “Health and Sanitation,” by adding new Article 6.05 “Smoking” and providing for a penalty of not more than $2,000 with each day of any violation of this ordinance constituting a separate offense (Flores).

Community Development Director Flores addressed Councils stating that staff was asked to create a Smoking Ordinance for the City. She explained that the during the work, research discovered existing Ordinance #1212, approved by City Council in 1987, and Ordinance #1400, approved in 1991. These ordinances were reviewed by the Zoning Commission and they recommended the ordinance be added to the new Code of Ordinances to incorporate smoking regulations and prohibitions into the City Code. Ms. Flores provided a general overview of prohibitions and regulations of the ordinance.
Following discussion on the maximum fine for penalties, the City Attorney confirmed that in line with the new Code of Ordinance’s general penalties, the maximum fine of $2,000 could be allowed with an amendment to a motion on the ordinance.

A motion was made by Councilman Reyna, seconded by Councilman Manea, to approve the Ordinance (Ord.
