

Leon Valley Adopt-A-Spot Program

Mission statement:

This program is a joint effort between our city and residents and/or groups to help keep our right-of-ways and neighborhoods clean and beautiful.

About the program:

The Leon Valley Adopt-A-Spot program allows our residents, businesses, clubs and organizations to express their pride and commitment to the community by participating in beautification projects and litter pick-ups of designated public areas. A spot could be a park, trail, road, creek, public grounds, right of way, or City entryway monument sign or other sites prone to litter. Individuals, organizations, or businesses (large or small) may adopt a section within the city limits to be determined by agreement of the Adopters and the City of Leon Valley. Adopter may agree to keep a designated spot cleared of litter for one (1) year and a designated project/spot may be renewed upon approval. Special projects are always welcomed for consideration.

As form of appreciation the City will install a sign with the names of program participants or organization in their adopted area for as long as they are members of the program. Program participants will also be listed on the City's website along with the spot that has been adopted. At the end of the year during a Council Meeting, program participants will receive a certificate of appreciation/recognition from the City, signed by the Mayor. If the participant desires to keep the adopted spot, the project may automatically renew.
