FENCE PERMIT APPLICATION REQUIREMENTS

The fence will be installed at a: RESIDENCE BUSINESS

- 1. Draw a site plan (see 2nd page).
2. Show the lot lines and where existing structures on the property are located.
3. Indicate where the fence is in relation to the property line and mark the proposed fence with XXXX's.
4. Survey of property sealed by registered land surveyor.

Note: The finished side shall face toward the public viewpoint or public right of way. If the proposed fence crosses a utility easement, applicant is required to provide access gates/panels measuring 16-feet across.

PLEASE CALL FOR INSPECTIONS

Monday-Thursday: 7:30AM-12:00 NOON OR Friday 8:00AM-12:00 NOON Sat & Sun: CLOSED

Site Plan

A large grid for a site plan. At the top of the grid, there is a horizontal line with two vertical tick marks extending downwards from it, positioned approximately one-third and two-thirds of the way across the grid. The grid itself is composed of 20 columns and 25 rows of small squares.
