

When is a Permit Required?

A building permit is required to erect, construct, enlarge, alter, repair, improve, remove, convert, move or demolish any building or structure within in the City's zoning jurisdiction.

All building plans must be reviewed and approved by Residential or Commercial Building Plan Review before a building permit is issued. A trade permit (electrical, mechanical, plumbing, irrigation) may also be required depending on the scope of work. To learn whether your project requires a permit [click here](#).
