

**REQUEST FOR PROPOSALS
MUNICIPAL SOLID WASTE COLLECTION, DISPOSAL AND RECYCLING SERVICES
FOR THE CITY OF LEON VALLEY**

QUESTIONS & ANSWERS

September 28, 2017

The following questions and answers are provided for your information:

- Q. In order to minimize confusion on service days for residents, please provide current service days/areas for residents trash and recycling.
- A. Garbage Collection is Mon/Thurs; Tues/Fri; Wed./Sat.
Recycling Collection is Mon., Tues., and Wed.
- Q. What are the current rates for trash and recycling services for residents, commercial hand pickup (with carts) and commercial dumpster accounts? A copy of latest solid waste and recycling service invoice would be helpful.
- A. The City is not providing current rates.
- Q. In order to maximize the efficiency of our proposed services and pricing for commercial dumpster services we will need to know the number of commercial dumpsters by dumpster size and service frequency. (i.e. (10) 4 cy dumpsters 1 x week – (6) 4 cy dumpster 2 x week....)
- A. The City is not providing current rates.
- Q. We would also like to make a request to extend the due date for the proposals for 1-2 weeks to allow all proponents appropriate time to provide the best proposals and pricing possible. The current due date of October 10, 2017 is a very short time line for participants to ask questions, receive responses/addendums, adjust their proposal and pricing accordingly and get appropriate approvals to submit their proposals.
- A. We are unable to extend the response submittal deadline.

This is **not** an addendum.
