

**CITY OF LEON VALLEY
INTEROFFICE MEMORANDUM**

DATE: May 20, 2025

TO: Mayor Chris Riley and City Council Members

FROM: Crystal Caldera, City Manager

SUBJECT: Pre-City Council Meeting Report

Projects

In addition to outside agency review constraints, these projects may also be delayed by weather and supply chain slowdowns.

Public Works

- The bids for the FY 25 Street Maintenance Project were opened on May 15th. Once they have been checked for accuracy, the City Engineer will make a recommendation, and the item will be taken to City Council for approval. We expect the work to begin in early summer. This year we will tackle a portion of Wurzbach Road (Evers Rd. to Bandera Rd.).
- The City Engineer is working on plans for the replacement of water mains on Pickering, Rimkus, and Kinman.
- Staff is finishing up the easement agreements for the right of way along William Rancher and along Aids Drive.
-

Additional Public Works Activities

- Constructing a concrete pad for outbuildings at the kennel site.
- Demolishing the LV swimming pool facility. Waiting on CPS to cut the energy to the facility prior to demolishing the large pool.
- Rebuilding the sidewalk along Forest Pine.
- Setting up for Bexar County events this week.
- Mowing Sawyer, Timberhill at Blacksmith drainage, Wurzbach and Exchange Parkway, and Bandera Road.
- Replacing the Fire Dept. cabinets from the vent hood installation.
- Reading meters.
- Repairing a water main leak on El Verde.
- Performing inspections at Seneca Trails for water and sewer main installs.
- Repairing the compressor.
- Replacing filters on gas pumps.
- Performing preventative maintenance on backhoes and loaders.
- Mowing Bandera Road and moving on to Huebner Road.

- Replacing the Fire Dept. cabinets from the vent hood installation.
- Addressing service requests.
- Taking water samples.
- Flushing dead-end mains.
- Performing inspections at Seneca Trails for water and sewer main installs.

PW GRANTS

- The engineer continues designing the El Verde Water Main Replacement Project. This project is being funded with a \$1,300,000 Bexar County ARPA grant. The project will be advertised for bids in April.
- A Bexar County CDBG grant for replacing the sewer main in the alley between Cammie Way and Evers Rd was awarded January 7th. The project is being engineered, designed, and will be advertised for bids.
- Staff and the City Engineer continue to develop the plans for the Hike & Bike Trail Segment II. We will be submitting 100% plans for review in the next few weeks. Letting the project for bids is expected in October of 2025.
- Staff applied for a grant to acquire the services of a Forester. The grant will pay a salary for about three years. The Forester would be used to monitor Oak wilt disease, review tree removal requests, ensure tree permits are being inspected, determine the condition of city trees in various parks, and make recommendations for the removal or replacement of trees.
- Staff applied for a grant for a Hike & Bike Trails Master Plan from the AAMPO. This grant will pay \$100,000 for a planning document for the city's trail and shared path system. The city does not have a matching funds requirement, so if granted, the work would be performed at no charge to the city.
- Staff applied for a grant from the AAMPO for the Hike & Bike Trail Segment 3. The application was accepted, and we will now be moved to Step 2 in the process. The trail will connect at Evers Road and align with Huebner Creek up to Balky at the northern city limits line and connect to the City of San Antonio's trail system, which is already in engineering and design.
- Staff applied for a grant from Bexar County CDBG to install a new sewer main along Locker Lane.
