FIRE DEPARTMENT

Ladder Truck out of service

Our ladder truck remains out of service for repairs. The Ladder is currently at Siddens Martin in Killeen, Texas. LVFD will be receiving a mutual aid ladder truck when needed to ensure adequate fire coverage. The ladder truck will be gone for at least 30 days.

Fire safety in the home

Please remember that the LVFD is always willing to help change smoke detector batteries for residents who need assistance. Please contact us, and we will schedule an appointment. Please have your heating/cooling systems checked by a qualified service technician to ensure safe operation.

Fire Department and EMS access to your home

Following the recent hard freeze and ice, many streets in LV are impassable due to low-hanging tree limbs. Low-hanging trees over the road can impede emergency responders and damage emergency vehicles, causing thousands of dollars in damage. Trees tend to hang even lower during rain and ice. The current city ordinance requires trees hanging over the road to have a clearance of 14 feet. Help our department ensure that responding emergency vehicles can safely travel our street.

Food insecurity in Leon Valley

Many families in Leon Valley struggle with food insecurity. Many of these people and children. The Leon Valley Fire Department collects nonperishable foods and diapers for distribution to individuals and families in need. We have large red containers located outside our front door. We are located at 6300 El Verde Road and the red food donation container is available 24/7. Any family or individuals in need are welcome to contact the Fire Department for assistance. Please help your neighbors and visitors who need a helping hand.

Medication Safety

The Leon Valley Fire Department has placed medication disposal envelopes at all city buildings. These medication disposal envelopes allow residents to safely dispose of unused medications at any time. These envelopes allow for the proper destruction of medications and helps keep them out of landfills. The medication disposal follows DEA and EPA guidelines. The safe disposal of unused medications is vital to the prevention of overdose deaths, accidental poisoning, diversion, and the sharing of medications.
