

## **ROAD CLOSURE NOTICE**

### **STREET REPAIRS – FOREST RIDGE**

### **MONDAY, DECEMBER 12, 2022**

The San Antonio Water System (SAWS) has contracted with J & P Asphalt Company to repair the roadway on Forest Ridge, from Forest Way to almost at Forest Brook, from damage incurred during the recent water main break.

They are asking that all vehicle owners in this area park in the driveway or on a different street, leaving the roadway open to allow the curb-to-curb repairs. They expect to complete the entire project on the same day.

For frequent roadway travelers and Forest Oaks residents, please expect road closures/detours and plan on using a different route.

For questions or concerns regarding the roadway repairs, please contact the Project Manager, Mr. Eugene Mora, at 210-382-5232.
