Wallace)

Vickie Wallace, Finance Director presented this item by first reminding everyone that last year, the City of Leon Valley Property Tax Rate was \$0.535904/\$100. This year the City of Leon Valley is proposing a Property Tax Rate of \$0.534099/\$100, which is the calculated No-New-Revenue Tax Rate and is lower than the calculated Voter-Approval Tax Rate. The Property Tax Code, Chapter 26 requires a governing body to conduct a public hearing if the proposed tax rate exceeds the lower of the No-New-Revenue Tax Rate or the Voter-Approval Tax Rate, whichever is lower. The 2021 proposed Tax Rate of \$0.534099/\$100 does not exceed the No-New-Revenue Tax Rate or the Voter-Approval Tax Rate. Therefore, no public hearings are required to adopt the 2021 tax rate. The 2021 Tax Rate is for the calendar year 2021 and is based on property values as of January 1, 2021. It funds the General Fund and Debt Service Fund budgets for FY 2022.

ATTEST: 
SAUNDRA PASSAILAIGUE, TRMC
CITY SECRETARY

Mayor Riley,

I am writing to you out of grave concern for the direction you are taking the city. I have been following the antics of the prior council and more so the antics and complete disregard your current council has for the financial well being of the city you have long represented. I find it really interesting that you were so harsh and vindictive with prior council members and city staff and worried about every nickel and dime they spent at the expense of the city "tax payers" and now you have your head in the clouds with the decisions this council is being allowed to make. I have read the agenda for the meeting tonight and I am just repulsed at the fact that you want "your" council to be paid for any expenses they make up to \$1,000.00. Is this going to be brought before the entire city for them to decide if that is how they want their tax dollars spent after you so graciously ensured Bradshaw cleaned the city of about \$30,00.00 again at the expense of the tax payers. How can you allow such frivolous and not to mention fiscally irresponsible acts to take place with a clear conscious?

These actions make me wonder where your "transparency" is and your responsibility to the inane citizens you continue to deceive? I can only hope that this will be your last stint as mayor.

Sincerely,

Annabelle Schmidt-Johnson
Old Mill Resident

I'm ms conchas, I live on el verde rd,

My concern is that automotive shops that repair vehicles are tested on el verde rd, the vehicles come down the road at a high speed. I have observed where the vehicles turn to at the pilgrim cleaners.

I didn't know who I should have addressed this concern to. If you would be so kind as to direct me whom I should address this to. I would also like the process that the council has when concerns are sent to you.

Thank you

To Mayor and City Council:

I am not in favor of an extra \$6,000 item in the city budget, allowing each city councilor \$1,000 per year for expenses.

The temptation to spend every budgeted dollar before the year ends is universally common.

If the money is there, they will spend it.

in addition, the proposed administration of the plan concerns me.

Quote "Reimbursements to Council member must be approved by the the Mayor. Reimbursements to the Mayor must be approved by the Mayor Pro-Tem."

The fact that a majority of the Council, including the Mayor, campaigned for office as a "team" explains why I am uneasy about the whole undertaking.

I just wanted to say I liked what I heard the councilors saying about this agenda item on the council reimbursements. Had I known you were going to suggest total transparency and really weren't interested in being reimbursed, I would have had no reason to send in my thoughts. It's hard to know what will happen when such an open-ended agenda item is stated. Good job.

Comment: Mayor and council, why don't you believe what staff is trying to tell you? Are they not the experts? If there were more wrecks occurring, don't you think we would know it? If you don't like red light cameras just because, then you need to say as much. There is no need to twist numbers around and try to buffalo people with your raw data talk. Our police department and fire department are on the front line. They know bad wrecks are down even despite the fact traffic is worse as years go by. End of story.

The user Matthew Hodde has posted a comment on [Legislative File 3303: Discussion and Possible Action to Allow City Council Members to be Reimbursed for City Related Expenses up to \\$1,000.00](#).

Comment: What would council members possibly need to purchase and then be reimbursed for? Would there be a dollar limit on a single purchase or would you be able to buy a single item for \$500? Seems like this would be ripe for abuse if the mayor and mayor pro-tem, now or in the future, were friends or political allies. Has city council been hindered in the past because they could not make reimbursable purchases? Where in the agenda packet are there reasons and examples of why this would be necessary?

I would like my email to below to be read allowed by Mayor or Will Bradshaw. I will be watching the meeting from home.

I'm writing in about my fourth of July experience. Its obvious the people throwing this event have zero have experience in event planning or the food and beverage industry.

The 3 food trucks had extremely long lines and they ran out of food by three o'clock. A drunk driver hit a someone's left pet and left the scene. No cops around to help the citizens trying to help the dog as usual. Two other pets died one was viciously attacked the other was euthanized.

Lastly Mayor Riley should be more transparent about her endorsement of Cha Cha's. She failed to mention the owner Margarita Ruiz is family of Ricardo Ruiz her close friend and ex city council member. Why not tell citizens you all are rent the space to your buddy for a measly \$800 a month? You all show so much favoritism towards certain businesses its extremely obvious.

When the owners of Comfort Cafe came to ask for help after the flood you all were silent. Everyone was quick to claim them when things were good but dismissed them when things got tough. Not even offer to help get them in touch with resources. Typical of Leon Valley government always passing the buck shame on all of you.

Sincerely,
Natalie Flores
